DMH Eligibility Requirements for Healthy Way LA

In order for clients to be eligible for the Healthy Way LA (HWLA) enrollment process at Directly Operated and Contract Provider facilities, clients are required to be a Department of Mental Health (DMH) client with open episode/s in the Integrated System (IS).

This means that clients cannot be enrolled if:

- The person is not a DMH client
- The client's episode is closed
- The client has not been assigned an IS number

People interested in applying who do not have an open episode in the IS are not eligible to enroll through the Department of Mental Health.

Remember, clients are no longer required to have been seen in the last 150 days or have had at least 2 visits within the last 12 months.

We're here to help you...

If you have any questions or require further information, please contact RMD at (213) 480-3444 or RevenueManagement@dmh.lacounty.gov.
